Second-round Announcement

for

The first International Symposium of Young Scholars on Carbon Resources Conversion

YSCRC-2019

October 11th-14th, 2019 Shenyang, China

About YSCRC

You are welcome to attend the First International Symposium of Young Scholars on Carbon Resources Conversion (YSCRC-2019) held on October 11th to 14th, 2019, in Shenyang. This is an internal symposium particularly designed for meeting close partners working on fundamentals and applied technologies about carbon resources (especially biomass) conversion and from neighboring countries including, for example, China, Japan, Thailand, Malaysia, Vietnam Korea, etc. This time for the symposium in Shenyang, we have also invited a few researchers and also friends from UK, Sweden and Australia. The symposium is expected to realize the following achievements.

- Partnership among involved professors or laboratories.
- Relatively stable teams to apply for various international projects.
- Enhanced referencing for research papers from the involved laboratories.
- Any cooperation in technology transfer from one country to another.
- Low-cost presentation platform for graduates from all laboratories.
- Publication of a special issue in an international journal.
- Any co-education program among the related universities even countries.
- Friendship among all the involved individuals, especially young students.
- Any other possible mutual benefits from our upcoming discussions

Therefore, the YSCRC is a mini symposium among friends. The involved

professors or laboratories will be relative stable. It is expected the involved professors will be about 10, and total members attending the symposium will be about 50. A particular discussion will be particularly arranged among the attending professors to discuss cooperation among all the parties.

Attendees

Professors or delegates of the involved laboratories, and a few graduates from every laboratory.

Presentations

For this first YSCRC in 2019, the presentations will be arranged as

- 1. Professor report (25 min).** Each attending professor is invited to introduce his / her laboratory or university including research, education and technology.
- 2. Student presentation (10 min).** Your latest specific research result about carbon resources conversion.
- 3. Posters.** Due to time limited, if we cannot arrange all as oral presentations some student-presentations will be switched into posters. Both oral and poster presentations are similarly valuable and important.

Preparation for cooperation discussion

In order to have resulting discussion, all attending professors or laboratory delegates are requested to prepare or consider the followings.

- Pickup of your representative academic papers that you think they are most possible to be highly referred to by our partners.
- Governmental programs for supporting R&D and also education among the countries of all attendees.
- Any technology need you can deploy the technology in your country.
- Possibility to have any education cooperation, such as “2+2” or “2+3” programs for double degrees of undergraduates, and co-supervision of PhD students.

- Concerns making this symposium sustainable and valuable, when and where is the next symposium.

Symposium arrangement

Contact point: cetc@syuct.edu.cn and also a Wechat group will be available.

Visa application: Please tell us if you need an invitation letter for getting visa.

Airport pickup: Because it is a mini internal symposium, and attendees are all friends, a pickup at airport is thus suggested for all future YSCRCs.

Three prioritized papers: All professors can send them to cetc@syuct.edu.cn and the organizer will collect all and distribute to our attendees.

Flight information: Please send to cetc@syuct.edu.cn before your departure.

Presentation information: Please send an abstract to cetc@syuct.edu.cn, and it should include presentation title, authors, affiliation, presenter indication, content of abstract, keywords.

Important Dates

- **Period:** October 11th-14th, 2019
- **Place:** Shenyang University of Chemical Technology (SYUCT), Shenyang, China (<http://www.syuct.edu.cn>)
- **Abstract submission:** September 26th-30th, 2019
- **Registration:** October 11th, 2019
- **Symposium discussion:** October 12th, 2019, at 7:00 pm-9:00 pm.

Draft program

- Arrival and registration on 11th.
- Presentation in full day of 12th and morning of 13th.
- Discussion among professors or laboratory delegates in the evening of 12th.
- City culture on 12th afternoon.
- Return travel

Registration and accommodation

- **Registration Fees:** 1000 RMB (on-site registration)
- **Hotel:** Voda Garden Hotel (500 meters from SYUCT)
- **Hotel address:** No.126, Shenliao West Road, Economic and Technological Development Zone, Shenyang, Liaoning Province, China (110142)
- **Tel:** +86-24-31220666
